NVH MISSION
To be the center of healing for the communities we serve.

NVH HISTORY
Whitefish’s first hospital, opened in 1905, still stands as a two-and-half story apartment building on the southwest corner of Spokane and Fourth Street. Two nurses and a Great Northern Railway physician, Dr. Hugh E. Houston, staffed the hospital. Today North Valley Hospital employs over 400 people including year round clinics in Columbia Falls, Eureka, Whitefish, Kalispell and seasonal clinics in West Glacier and at the Base Lodge at Whitefish Mountain Resort.

NVH opened at its current location in March 2007. More than 800 full- and part-time residents donated a total of $6.3 million that offset the $27.9 million cost of the new building. The new state-of-the-art hospital designed with the Planetree patient-centered philosophy in mind, is located near the corner of Highway 93 South and Highway 40, serving more than 30,000 residents and visitors annually. May 1, 2016 North Valley Hospital became an affiliate of Kalispell Regional Healthcare whereby we joined Kalispell Regional Medical Center and The HealthCenter under the system umbrella, integrating the organizations both clinically and financially.
