Welcome

Thank you for selecting North Valley Professional Center. Our goal is to make a positive difference in the lives of those we serve through compassion and excellence in patient care.

Planetree Patient-Centered Care

We are an outreach clinic of North Valley Hospital, and practice the same Planetree philosophy of healthcare focusing on healing the mind, body and spirit. This approach to healthcare strives to demystify, humanize and personalize the healthcare experience for our patients.

We value respect, treating our patients as a whole, and partnering with patients and their families as active participants in their care.

Thank You

Thank you for giving us the honor to care for you and your family.

A Rural Health Clinic

North Valley Professional Center is a designated Rural Health Clinic which offers a sliding fee scale to help those in need thereby making healthcare services more accessible and affordable. With the sliding fee scale, discounts for in-office services which are felt to be medically necessary by the clinics’ care providers are offered based upon household income and size using federal guidelines. If the applicant appears to be eligible for Medicaid, a written denial of coverage by Medicaid may be required. For more information on whether you may be eligible for the sliding fee scale, contact our Clinic Manager, at 892-3208.

Geriatric Specialty Services

Physicians and Nurse Practitioners specializing in geriatric medicine are based at North Valley Professional Center to provide health services to meet the needs of our senior population. Individualized, compassionate care can be provided in home. Weekly visits are made to area assisted living facilities; daily visits to nursing homes.

Columbia Falls School Based Health Clinic

Launched in 2016, the school based clinic is provided through collaboration between North Valley Hospital, North Valley Behavioral Health, The North Valley Professional Center and the Columbia Falls School District 6.
